

Broomfield Church Repairs Appeal St. Mary & All Saints Church, Broomfield

Some of you might have spotted two guys dangling from ropes against the church tower and wondered what is happening. They aren't perfecting their abseiling or rock climbing skills, but they are repairing the upper sections of the tower walls! This is the first phase of a wider project which is likely to cost around £50,000.

The church appreciates the loan from our sister church at Kingston St. Mary which has enabled work to start, but **we need YOUR HELP, PLEASE** to continue this urgent and vital work to continue.

Grants are being applied for to mend medieval windows and old gutters, attend to loose roof slates and masonry, and replace sections of rotten floors amongst other things.

Perhaps you enjoy regular or occasional worship in this lovely old church, or maybe it is a resting place on your walks? if you were married or baptized here or have a loved one buried in the ancient churchyard, then you might like to donate towards the first £10,000 needed to continue with phase two? Thank you.

In support of the Broomfield Church renovation works we now have a Just Giving page the link is:
